SKILLS

JavaScript, jQuery
Angular.js, Backbone.js
Foundation, Bootstrap
Mocha, Chai
gulp.js
HTML, CSS, Sass
Git
Node.js
Github

PROJECTS

Lingo

- A web application that enables users to enhance their foreign language skills by reading the news. Lingo was created using the New York Times API, Angular.js, Sass, and Gulp.js.

Github: <https://github.com/gabrielbrickle/lingo>

Snake

- A single page application using Backbone.js, AJAX, and jQuery to render a grid for users to play a game where they move across the screen and gain points.

Github: <https://github.com/gabrielbrickle/BackbonejsGridGame>

Skate Site

- My first responsive web design project using HTML, CSS and Sass.

Github: <https://github.com/gabrielbrickle/SkaterSite>

PROFESSIONAL EXPERIENCE

City Manager - Charleston, SC
in/PACT, Vouch
Jan 2016 - May 2016

- Assist non-profits in determining how fundraising strategies can be improved.
- On site training with non-profits to ensure the usability of the Vouch application and uncover any bugs to report to the development team.
- Responsible for all client acquisition and management as well as on-site client training for employees and customers.

LivingSocial - Washington, DC
Marketing Campaign Consultant
Sept 2013 - Jan 2016

- Employ strong consultative selling skills to assess client goals, educate clients, and present customized solutions.
- Prospect new business accounts in 150 markets nationwide.
- Manage a pipeline of 250 new and existing accounts while making 50-60 cold calls per day.

Welgo Wound Therapy - Washington, DC
Territory Manager
March 2013 - Sept 2013

- Prospect and manage a pipeline of 100 accounts in 3 states.
- Promoted from Outside Sales Associate to Territory manager within 1 month for rapidly developing key accounts and exceeding monthly revenue goals.
- Hold weekly sales meetings with new and existing clients to maintain client relationships and increase transactions
